Continuation of Attachment(s) 3. Information Disclosure Statements (PTO/SB/08), Paper No./Mail Date: 06/17/2010 & 07/06/2010.

DETAILED ACTION

1. This Office Action is in response to the amendment filed on 06/16/2010. Currently, claims 1-4 are pending.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 06/16/2010 & 07/06/2010 was filed after the mailing date of the Final Rejection on 03/17/2010. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Examiner's Amendment

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
4. This application is in condition for allowance except for the presence of claims 7-11 directed to species of FIGs. 7-10 and 11-13 non-elected without traverse. Accordingly, **claims 7-11** been cancelled.
5. Authorization for this examiner's amendment was given in a telephone interview with George B. F. Yee on 09/29/2010.

The application has been amended as follows:

Art Unit: 2894

cancel the non-elected claims 7-11.

Claim 1, line 10, after “semiconductor regions”, add ---, wherein each of the third semiconductor regions is---

Claim 1, line 10, after “exhibiting a first”, add ---top---

Claim 1, line 13, after “semiconductor regions”, add ---, wherein each of the third semiconductor regions---

Claim 1, line 13, after “exhibits a second”, add ---top---

Claim 1, line 13, after “larger than said first”, add ---top---

Claim 1, line 15, after “said first region”, delete ---, wherein said first plurality of third semiconductor regions and said second plurality of third semiconductor regions, each comprise a first device stacked on top of a second device”, and add ---wherein a first device is mounted on the semiconductor base of the semiconductor device---

Allowable Subject Matter

6. The following is an examiner’s statement of reasons for allowance: the prior art of record, taken singly or in combination, does not disclose all the limitations of the independent claim(s) 1 when taken as a whole. For example, the prior art of record does not disclose “wherein a first region comprising a first plurality of third semiconductor regions, wherein *each* of the third semiconductor regions *is exhibiting a first top surface area* is formed at a center of said semiconductor base, wherein a second region, comprising a second plurality of third semiconductor regions, wherein *each* of the third semiconductor regions *exhibits a second top*

Art Unit: 2894

surface area larger than said first surface area **completely** surrounds said first region”, as in the context of claim(s) 1. To briefly elaborate, the cited prior art discloses much of the claimed subject matter (see previous rejections), but does not disclose that it is **each** of the third semiconductor regions (in their respective regions) that has the claimed area and does not disclose that the third semiconductor regions with the larger area **completely** surround the third semiconductor regions with the smaller area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.
